31300 Naigle Road, Bay Village, Ohio 44140

April 13, 2021

Dear Resident,

The City of Bay Village is planning to perform pavement maintenance and resurfacing on streets in your neighborhood this year. Chagrin Valley Paving, Inc. was contracted by the City to mill and overlay the asphalt on the streets listed below. Work is planned to begin April 21, 2021 and be completed by July 1, 2021, weather permitting.

Canterbury Road	(Lake Road to Southern Border)
Elmwood Road	(Lake Road to East Oviatt Road)
Osborn Road	(Glen Park Drive to Parkside Drive)
East Oviatt Road	(Glen Park Drive to Kenilworth Road)
Clague Parkway	(Clague Road to Southern Border)
Lake Forest Drive	(Lake Road to Eaton Way)
Revere Drive	(Lincoln Road to Cul De Sac)
Oak Cliff Court	(Lake Road to Cul De Sac)
Fordham "Alley"	(Knickerbocker Road to Southern Border)

It is very important that you do not leave a vehicle parked on these roads prior to or during the milling and paving process. Traffic will be maintained throughout the work and trash pickup will remain on schedule. Prepare for possible travel delays on days when existing pavement is being milled and when new asphalt material is being placed and rolled.

Please do not drive over or through freshly spread tar or asphalt that has not been rolled to avoid damage to your vehicle and tracking tar and asphalt into your driveway. The contractor will advise when pavement is ready for vehicles while maintaining traffic. It is typical that the newly laid asphalt can be driven over within a few minutes of being rolled and compacted. Please note that the asphalt is placed at very high temperatures. Please do not allow pets and children near the new asphalt until several hours after it has been rolled and open to traffic.

If you have any questions or concerns, please call (440) 871-1221 or email ckrakowski@cityofbayvillage.com. Thank you very much for your understanding and cooperation during this work.

Sincerely,

Curtis J. Krakowski, CSI, CDT
Infrastructure Manager
