August 2023

Dear Resident,

In recent weeks, heavy rains have fallen in the area, impacting many residents. As part of the effort to address those impacted, the city is gathering information to be analyzed this fall.

Please assist us by completing this questionnaire as accurately as possible to provide the history of water infiltration at your property. Additional comments can be written in or attached on a separate page (include address on all pages). Data received from these questionnaires will be used as part of our overall investigation into the events in your area.

Thank you for your participation.

Donald Bierut, PE
City Engineer / CVE Limited

- **COMPLETE ONLINE:** Scan the QR Code to access the survey, or visit: <https://www.cityofbayvillage.com/FormCenter/Service-Department-12/Water-Infiltration-Survey-76>
